VOL. 66, NO. 40

HAMLIN, JONES COUNTY, TEXAS, 79520, THURSDAY, AUGUST 2, 1973

PRICE 15 CENTS (Tax Included)

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Two years ago we announced an increase on the subscription prices to the Herald but had to cancel because of the price freeze that went into effect before the effective date of the increases. Earlier this year we started to try again and had it delayed by the 60-day freeze.

Because all of our costs have just kept increasing, we are going to try again. Beginning August 15, unless we get stopped by another freeze, the subscription price of the Herald will be increased from \$4.00 to \$5.00 a year in Jones County and adjoining counties.

This is the same increase we announced two years ago and in light of the increases in costs since that time we feel more than justified in this increase. Outside this area but still in Texas the price will be \$6.00 a year and outside of the state the price will be \$7.00. All of these rates within Texas will be plus the sales tax.

At the same time we are announcing this increase in subscription prices we are also announcing an increase in the classified advertising rates. Our current rates have been in effect for over 10 years and needless to say they do not reflect all of the increases in costs that our business, like all other business, have absorbed during this period.

The new classified rates will go into effect immediately for the next issue and will be an increase of one cent a word. This will increase the cash rate from five cents to six cents for the first insertion and from four cents to five cents for each additional insertion. The charge rate will be increased from six cents to seven cents for the first insertion and from five cents to six cents for each additional insertion. The 20-word minimum will still be in effect.

We will honor any paid up classifieds that are currently running until their expiration date.

We have delayed the increase on the subscription price until Aug. 15 so that you may renew at the lower rate between now and then if you so desire. Just hope we do not get caught in another freeze like we did last time when we allowed this grace period.

A group of Stamford citizens are making plans to present a county redistricting plan at the Jones County Commissioners meeting Monday, Aug. 13. Proponents of the plan are asking all persons interested to be present at the meeting.

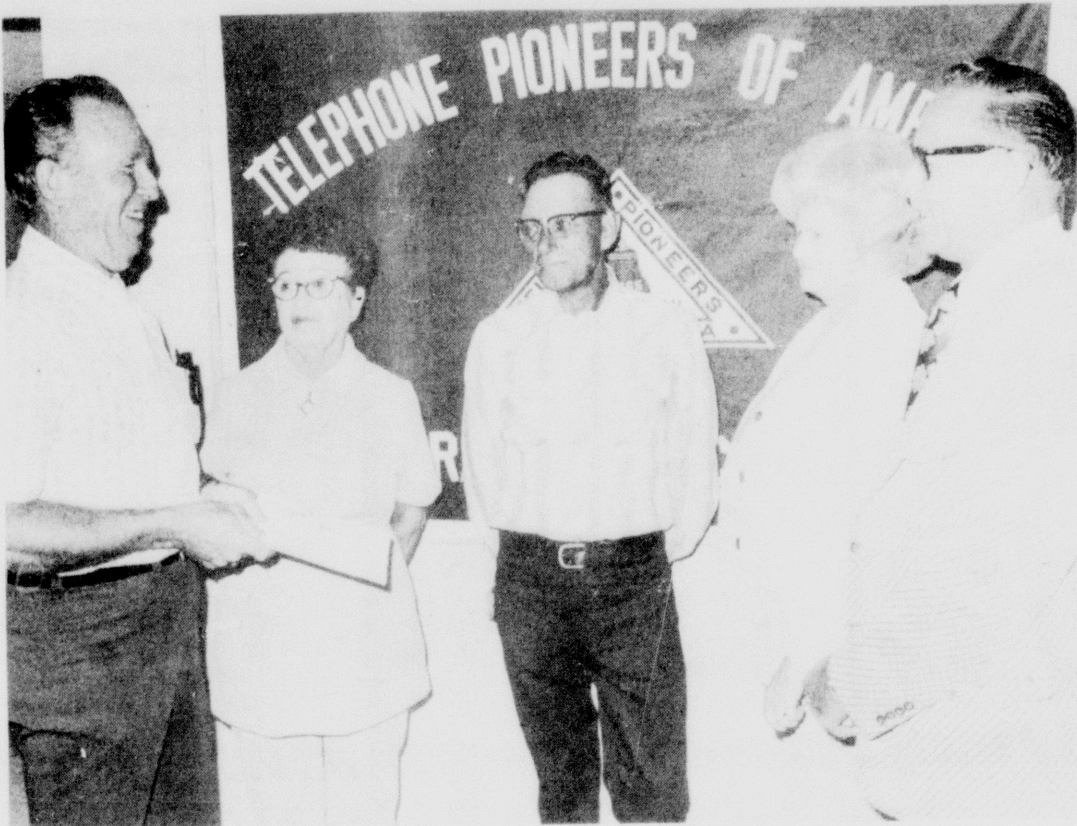

Since both Hamlin and Stamford have much to gain from any fair redistricting of the county, it would be well if a number from Hamlin be on hand for the commissioners meeting.

It has been several years since the Supreme Court ruled that commissioner precincts, like state and federal representatives, must be based on the one-man, one-vote concept. But while the Commissioners have it on their agenda, they never do anything about it.

Under our present system, Precinct 2 is four times as big as Precinct 4 and Anson has four commissioners while Hamlin and Stamford have only one each.

We have complained about this inequity for a long time and recognize the fact that until the people of Jones County force them to, the Commissioners are not going to make any changes.

We feel that it is important for the civic leaders of Hamlin to become involved in any move to redistrict the county so that what ever final plan is drawn up, it will reflect the wishes of our citizens as well as the citizens of Stamford.

RECOGNIZED FOR SERVICE — Royce T. Ferrell of Sweetwater, left, president of the Rattlers Club of Telephone Pioneers of America, was in Hamlin Monday to honor local members at a coffee at the local business office of Southwestern Bell Telephone Co. Honored were, from left, Mrs. Arba Burgess, a life member who was a former night chief operator, Floyd Turner, installer repairman with 22 years service and Mrs. Kenneth (Jo) Riddle, service representative with 24 years service. A special guest was M. R. Bridges of Abilene, district plant superintendent. Telephone Pioneers are people who have served the telephone industry 21 years or more. Not present for the picture were Melvin Scott, combination man, 22 years service, and life members, Mrs. Bob Tegart, former chief operator and Mrs. Wallace Ely, former operator, both life members.

Food Stamp Program To Start Here Oct. 1

The State Department of Public Welfare will issue food stamps to Jones County citizens who qualify under the program beginning Oct. 1.

The start of the food stamp program will mark the end of the Jones County surplus food commodities program. County Judge Leon Thurman said the program, which is funded by the county, is to end at the end of September.

The food stamp program, which is funded by the U. S. Department of Agriculture, but administered by the State Department of Welfare, will be open to two types of persons.

Eligible will be those now getting public assistance, including the commodities program, and also low-income individuals and families who are not on public assistance.

Commodities recipients will be notified about the change from the county-run program to the food stamps. Persons already receiving public assistance will be given "authority of purchase" cards in the course of regular dealings with the welfare office.

Persons who are not on public

assistance but wish to apply for food stamps will be interviewed and screened by new employees of the welfare department office.

After an application for food stamps has been approved, the person will receive the authority to purchase a card which will indicate how many stamps the individual or family will be able to buy.

The stamps will be bought at the Post Office, Thurman said. The Post Office will sell the stamps during normal operating hours.

Most grocers are expected to accept the stamps, although grocery stores are not forced to participate in the program.

The food stamps, which can be used to buy most foods and food products (tobacco, alcoholic beverages and imported items can not be purchased) then can be deposited by the grocer much as if they were money.

Bankers then can return the stamps to the USDA for reimbursement.

The beginning of the food stamp program and the end of the commodity program in

Jones County will mean the end of employment for commodity program employees. Mrs. Mackey Spurgin has been administrator of the county distribution office in Anson.

The change to the stamp program will end monthly trips by county trucks to Brownwood to pick up commodity items. Also, the county maintains an office in downtown Anson which handled distribution and will now be closed.

The building in which the office was located also houses the Welfare Office and other offices. Application for the stamp program will be made at the Welfare Office.

Services Held In Rule for Mrs. Dominey

Mrs. John (Clara) Dominey 75, of Rule, a resident of Hol Lodge here since Feb. 11, died at 11 a.m. Saturday in Hamlin Memorial Hospital following a long illness.

Funeral was held at 4 p.m. Monday in Calvary Baptist Church in Rule.

Services were conducted by the Rev. Danny Johnson, pastor, assisted by the Rev. Marshall Stewart, pastor of the Church of the Nazarene here. Burial was in Rule Cemetery under the direction of Pinkard Funeral Home.

Mrs. Dominey was born Oct. 14, 1897, in Oxford, Miss. She married John Dominey Apr. 15, 1917, in Comanche County.

She was a member of Calvary Baptist Church in Rule.

Survivors include her husband of Holiday Lodge; one son, Travis Bill of Hamlin; one daughter, Mrs. Gene Abbott of Albany; four grandchildren, five great-grandchildren; two brothers, John Gibson of Rule and Norris Gibson of Haskell; three sisters, Mrs. Edna Setzler of Madisonville, Mr. Lilly Foreyth of Haskell and Mrs. Mable Lee Mullens of Santa Fe, N. M.

Field Tour

The annual Jones County farmers Field Tour of Grain Sorghum Variety Test Plots will be held on Friday, Aug. 3, according to Jones County Agent Kirby Clayton. The tour will start from the agent's office at 8:30 a.m.

Diapause Spray Program Signup Date Extended

The date for the signup for the Fall Diapause Spray Program and joining the Bollweevil Association has been extended to Monday, Aug. 6, to encourage other farmers to join the program.

Thirty thousand acres had been signed up in the program by 10 a.m. Tuesday but more is needed to make the spray blocks complete.

Stuart Propst, president of the Jones County Bollweevil Association, said that if farmers fail to take advantage of this effort to control the bollweevil, Jones County cotton farmers will be back where they were two years ago when the association first organized, and all the money and time spent on last year's program will be wasted.

The real value of the program will be realized in the next two years and farmers are urged to stay with the program to its completion, Propst said.

Kirby Clayton, Jones County agent, says that the spray

program is doing the job and insect infestations counts are down in the spray area compared to those in the non-treated area. His conclusion is based on insect counts available in his office.

Farmers who want to sign up for the spray program are to go by the Bollweevil Office at 1010 North Commercial in Anson. Additional information may be obtained by calling 823-3659 or 823-3801 in Anson.

Merchants to Offer Dollar Day Bargains Saturday

Hamlin merchants have joined together this week to offer a huge Dollar Day Sale Saturday, according to Frank Shearer, chairman of the Retail Trade Committee of the BCD.

With school days just around the corner, Shearer said that this would give the people of this area a chance to stock up on back to school needs at bargain prices.

Savings for every member of the family will be offered by the Hamlin merchants Saturday as they are running specials on every type of item, from housewares to clothing.

Elsewhere in this issue of the Herald is a full page advertisement of the many bargains being offered by the participating merchants. Shop early Saturday and save.

High School Enrollment Schedule Set

High School students who have moved into the Hamlin School District and have not pre-enrolled are asked to go to the high school office any time from 9 a.m. to 3 p.m. Aug. 6-10 to receive a schedule and other information.

Students pre-enrolled in high school are to pick up their schedules, books and be assigned lockers on Thursday, Aug. 16 (seniors, 9 a.m. to 10:30 a.m. and juniors 1 to 2:30 p.m.) and Friday, Aug. 17 (sophomores, 9 to 10:30 a.m. and freshmen, 1 to 2:30 p.m.).

Junior high school registration will also be held on Thursday, Aug. 16 (eighth grade at 10 a.m. and seventh grade at 1:30 p.m.) and Friday, Aug. 17 (sixth grade at 10 a.m.). New students in the district will be enrolled at this time.

New students in the district must have grade records, a cleared book card and a complete immunization record.

New students may not be officially enrolled in the Hamlin Public Schools until that student presents a properly certified immunization record. Students attending the local system last year have records on file at the school.

Band School Starts Monday

Band school for high school members begins Monday and will continue through Friday, Aug. 17.

The first week will consist of marching rehearsals, sectional rehearsals and full band rehearsals.

Time for the first week will be 8 a.m. to 12 noon each day. From 8 to 9 a.m. there will be full band marching, 9 to 10 a.m. brass and percussion sectional rehearsal and 11 to 12 full band rehearsal. The second week will consist of evening rehearsals only.

All members are urged to come and participate.

RAIN

Rainfall over the weekend totalled 2.65 inches, according to Bill Rountree, official recorder for Hamlin. Recorded at 5 p.m. each day was .43 on Saturday, .66 on Sunday and 1.56 on Monday.

Other measurements during the month of July were .43, July 11; .07, July 13; .24, July 15; .06, July 17; .12, July 18; and .03, July 19.

Mrs. O. R. Shelton spent two weeks with her daughter and family, Mr. and Mrs. D. C. Kerr of Odessa.

A SPECIAL PET — John Bill Maddox, left, and his pet, "Nimrod J. Coon," visit with a friend, Steve Roth. John Bill has had the raccoon for about two months. It was found on the Anson highway, he said.

THE HAMLIN HERALD, HAMLIN, TEXAS 79520

Hill Reunion Held Saturday And Sunday

Descendants of the late Mr. and Mrs. T. E. Hill met here Saturday and Sunday for a reunion at the Jaycee Community Building.

The children attending were Mr. and Mrs. Alvin Hill of Haskell, Mr. and Mrs. Ernest Hill of Stamford, Mr. and Mrs. Clarence Hill of Midkiff, Carl Hill, Nora Belle Hill, Mr. and Mrs. Delmer Hill and Mr. and Mrs. Troy Money.

Others present were Mr. and Mrs. Bennie Sayger, Rev. and Mrs. E. L. Redden and Glen, Mary and Kathy Haught and Georgia Deaton, all of Abilene; Mr. and Mrs. Clovis Money, Jimmy and Rachel of Mercedes, Wilson Money of Odessa; Mr. and Mrs. Gene Greenway, Destry and Darren of Snyder; Mr. and Mrs. Mike O'Neill, Nancy and Charlie Thompson, all of Temple; Mr. and Mrs. Raymond Alls, Mr. and Mrs. Charles Alls and Precious, all of Rotan; Tammy Alls of Sweetwater; Mr. and Mrs. Roger Bradshaw, Donna and Jennifer, Ricky Onstott, all of Fort Worth; Mr. and Mrs. Kenneth Hill and Kara Lou of Euless, Mrs. Effie Hill of Arlington; Mr. and Mrs. Jack Smith, Danny, Melonie and David of Elkhart, Kans.; Mr. and Mrs. Charles Oliver, Gail, Buddy and Paula of Dryden and Mr. and Mrs. John Greenway of McCaulley.

Local relatives and friends included Mr. and Mrs. Ronnie Hill and Alan, Mrs. Nellie Haught, Wes Campbell, Mr. and Mrs. Britt Thompson, Lee Money, Mrs. Debbie Harrell, Rev. and Mrs. Howard Jones and Jamie, Mrs. Pearl Morrison, Mr. and Mrs. C. C. Spraberry, Mr. and Mrs. Robert Caldwell, Harold Lee, Bailey Meeks, Alta Brown and Sandra Deaton.

MRS. RUPERT DAN COMPTON
... formerly Cynthia Kay McWhorter

McWhorter-Compton Vows Read In Abilene Saturday

Cynthia Kay McWhorter of Abilene became the bride of Rupert Dan Compton Saturday afternoon in the garden at the home of the bride.

Parents of the couple are Mr. and Mrs. Preston McWhorter, Route 5, Abilene, and Mr. and Mrs. R. D. Compton of Hamlin.

The Rev. L. S. Barron of Midland, uncle of the bride, officiated. Music was by Cathy Carson and Ronnie Hobbs.

Kenneth McClung, vocalist, was accompanied by Von McClung.

Given in marriage by her father, the bride wore an empire gown of embossed eyelet embroidery. The long peasant sleeves were banded and the embroidered hemline was outlined with seed pearls. The shoulder length veil was attached to a lace headpiece and accented with pearls. She carried a colonial bouquet of white roses and babies breath on a Bible.

Mrs. Mike McWhorter of San Angelo, sister-in-law of the bride, was matron of honor and her only attendant. She wore a blue misty sheer polyester and cotton empire gown with a softly gathered skirt, short flared sleeves with pearl trim around neckline, waist and ruffled skirt, and wore streamers of blue flowers attached to an illusion veil. She

carried a nosegay of summer daisies.

Best man was John Poe of Hamlin. Ushering the guests were Mike McWhorter, of San Angelo, brother of the bride, Charles Ledbetter of Lubbock and Kerry Green of McCaulley.

The bride is a graduate of Cooper High School and attended Texas Tech University.

The bridegroom is a graduate of Hamlin High School and Texas Tech University where he received a BA degree in marketing. He is employed by Texas Pacific Oil Company.

Following a wedding trip to Ruidosa, N. M., the couple will live here at 725 Northwest Ave. E.

The rehearsal dinner was hosted by the bridegroom's parents at Wyatt's Cafeteria.

Mrs. Young Hosts Coffee

Mrs. Richard Young Jr. hosted a coffee July 18 honoring Mrs. Tim Harbin of Bowie, wife of the visiting Rotary District Governor.

Mrs. Donald Young assisted in serving. Other guests included other wives of Rotary members (Rotary Anns) Mmes. Joe Simpson, Louie Cunningham, Ed Gardner, Melvin Scott, Horace Driver, M. S. Johnson and Joe E. Ford.

Mr. Harbin was here to speak to the Rotary Club at the noon luncheon.

Mrs. Zelma Perryman and Mrs. Exula Jones spent July 21-25 visiting with Mr. and Mrs. Edell Perryman in Irving, Mr. and Mrs. Duncan Troupp in Dallas, Mrs. Effie Tidwell in Grand Prairie and Mr. and Mrs. Glenn Jones in Tawakoni. They also saw the exciting Saturday night Texas Rangers game at Arlington Stadium when the Rangers won 4-3.

Hamlin to Host Big Five Golf Meet Aug. 7

Hamlin will host the Aug. 7 Big Five Ladies Golf Association meet with tee off time at Hamlin Country Club at 9 a.m. Reservations are to be made with Mrs. Byron Bell at White's Store.

Winners of the association competition July 17 in Knox City were first flight, low gross, Ruby Medford; runner-up, Mary Smith; low net tie, Stella Steele and Dorothy Smith; and low putts, Roberta Jenkins.

Second flight, low gross, Margie Hitt; runner-up, Arnell Denton; low net, Estelle Skiles; runner-up, Temple Alvis; and low putts, Odell Harbert.

Third flight, low gross, Mary Kennedy; runner-up, Darlene Phillips; low net tie, Mae Edge and Nelda Mitchell; low putts, Temi Graham.

The Big Five will play at Hamlin Aug. 7. Tee off time will be 9:00 o'clock. For reservations call Naomi Bell at White's Store.

AARP to Meet Here Tuesday

The Hamlin organization of American Association of Retired Persons will meet Tuesday, Aug. 7, at First Baptist Church at 7 p.m. for a covered dish supper.

A program is planned. All retired people 55 years of age or over are invited to attend.

Eastern Star Sets Meeting

The stated meeting of Hamlin Chapter No. 460, Order of the Eastern Star, will be Tuesday at 8 p.m. at Masonic Lodge Hall.

A program in memory of Robert Morris, founder of the Order, will be held.

All members are cordially invited to attend the meeting. A practice session for all officers will be held at 9:30 a.m. Monday.

Literary Club Sets Meeting

Woman's Literary Club will meet in a called meeting Tuesday at 9:30 a.m. at Hamlin Restaurant, according to the president, Mrs. Jackie Williams.

All members are urged to attend.

FHA to Host Freshmen

The Future Homemakers of America will host a welcome party at the park Thursday, Aug. 9, in honor of all freshman students. All members are welcome and urged to attend.

Freshmen will be contacted by the officers and will be given rides to the party. There will be fun and surprises for all.

Bridge Winners

Mrs. W. O. Willbanks and Mrs. Floyd Briscoe were first overall and north-south bridge winners club tournament held Tuesday evening at the Hamlin Jaycee Building.

Other north-south winners were Jill Hailey and Bob Graham of Abilene, second; Beth Geiger and Sam Wellhausen of Abilene, third.

East-west winners were Mrs. Gene Knabel and Mrs. Dale Lain, first; Mrs. Bob Preston and Jerry Crooker of Abilene, second; and Mrs. Harvey Elkins and Floyd Briscoe, third.

The 1973 Maid—

She's No Cotton Farmer's Daughter But She Knows About Boll Weevils

If it seems contradictory that a city gal whose interests range from sailboats to Victorian literature is currently engaged in an international speaking tour on behalf of cotton and agriculture, think nothing of it.

Her pleasing array of contradictory qualities may have been part of the charm that convinced a seven-member panel of judges late last December that 21-year-old Debra Ploch of Dallas is well equipped for the job as 1973 Maid of Cotton.

Forgot Lines
Consider, for instance, the fact that this same University of Texas coed became the first finalist in the 35-year history of the prestigious selection to forget her lines while making a speech and still emerge with the title that catapulted her into the responsible position as the cotton industry's most winsome spokesman.

The poised manner in which she handled her embarrassing "flub" before an audience of thousands—coupled with a genuine enthusiasm and warmth—was enough to squelch any doubts the judges might have had.

If the experience did anything to shake Debra's own confidence in her speaking ability, it's not the least bit discernible as she goes about the country talking before civic groups about how important agriculture and cotton are to the nation as a whole.

Learned Lesson
One thing she did learn, Debra is quick to tell you, is not to ever try memorizing a speech. All the talks she gives now are strictly impromptu and display an amazing amount of knowledge about the industry she represents.

How did this daughter of an IBM data processing manager become so well informed in so short a time?

Having a brain that picks up facts almost as well as her Dad's computer may be part of it.

But Debra says, "It's not a matter of cramming a lot of unrelated facts into my head. It's really just learning some basic information and then observing how useful and valuable cotton is."

A lot of this Debra saw firsthand when she visited textile and agricultural research laboratories in Lubbock, Tex., New Orleans,

and Beltsville, Md., in preparation for her speaking tour.

Is Fascinated

As a result, she became particularly fascinated by some of the new approaches to insect control being undertaken through pest sterilization programs and other methods aimed at reducing environmental risks.

"I saw my first boll weevil in a lab at Lubbock," she admits, "and it's really thrilling to see how close scientists are coming to perfecting methods that will make it extinct before too much longer."

Debra also is impressed with the important role which cotton as a natural product plays in ecology. "Current fashions reflect this," she observes, "and the big popularity of cotton fabrics like denim and corduroy shows that a lot of people prefer natural products."

"I don't want to sound like Volume C of a walking encyclopedia," she continues, "but another thing that impresses me about cotton is what it can mean in conserving the nation's energy supplies. Cotton gets most of the energy it needs for growing directly from the sun, you know, and it takes five times more energy for man to make artificial fibers."

Special Interest
The Maid's special interest in energy stems from the fact that her university had to delay opening classes after New Year's because a cold wave overtaxed the city's fuel supplies for heating.

As a native Texan who has lived in both Dallas and San Antonio, Debra is frequently asked if she has any cowgirl tendencies. She frankly admits being scared of horses ever since one stepped on her foot when she was 12. But she speaks with unbridled enthusiasm about her other hobbies, and especially sailing.

"Some people wonder how in the world I manage to sail when I live in landlocked Dallas," she says, "but actually some of the country's biggest lakes are located in the area and sailing's just great there."

Other pastimes include sewing, reading, and a daily stint of jogging—even on tour.

After completing her good

will tour of this country and participating in a round of fashion shows to cotton's major customers in the Far East, Debra plans to return to the Texas campus.

"I'll be going back to finish my work in preparation for becoming an English teacher," she says. "This is what I really want to do and I consider it the biggest and best challenge a person could face. The students I'll be teaching will be the leaders of the world in just a few years and teaching them will be a big responsibility."

Considers Role

Debra also considers her current role as Maid of Cotton an important one and believes it gives her a chance to render a worthwhile service to the cotton industry as well as all of agriculture. "Hopefully, I'll go back to school next fall with a better understanding of the world and my country," she says, "and one thing is sure—the memories I store up from this experience will be invaluable the rest of my life."

TESTING—Maid of Cotton Debra Ploch checks out the dimensional stability of a cotton knit fabric at the Southern Regional Research lab in New Orleans. The device she's operating measures the degree to which a fabric holds its original size and shape after being placed under tension for a prescribed length of time.

FROM THE FILES . . .

FIFTY YEARS AGO
(August 3, 1923)

The Hamlin Luncheon Club was well attended on the past Tuesday. The tables were full and hardly room for one more. The club had as their guest that day, Commissioner Milsap of Fisher County. He told the business men that he was doing all that he could do to put the Fisher county roads in proper shape. He said that his funds are limited, but that he never asked for donations. Mr. Milsap had just come in from Aspermont where he was doing some very badly needed work.

George Hall, member of the Hamlin Band Committee announces that there will be a real entertaining ball game at the City Park at 5 p.m., a benefit game for the Hamlin Band. The band will be out to play and cheer everybody up a lot. It is the plan for the business houses to close an hour earlier and let all who will attend the ball game. The band is making some good music now and your presence will boost them quite a bit.

Plans for Victory Week in the membership campaign of the Texas Farm Bureau Cotton Association in Jones County will be laid at a meeting of the Executive Committee and the entire membership to be held at the Court House in Anson, Saturday, Aug. 4, at 2 p.m.

TWENTY YEARS AGO
(August 7, 1953)

Summer Band School will officially begin next Monday, according to an announcement made this week by Walter P. Chalcraft, director of Hamlin school bands. The schedule will follow the same general procedure it has for the past several years, with instruction being given at all grade levels. Three separate classes will be held in order to suit the needs of all the students who participate.

Workmen this week are completing the laying of about 500 feet of new four-inch gas mains in the alley just west of South Central Avenue, "the

main drag" of Hamlin.

Two more producers completed and three new drilling projects during the past few days have featured the oil scene in the Hamlin area. No let-up in the concerted development program that started with the coming of spring is now in sight — all of which is good news to lease holders and land owners of the region.

Jones and Fisher County Singing will be held Sunday afternoon at 2 p.m. at the Hamlin Foursquare Church, it was announced early this week. Everyone is cordially urged to attend and participate.

TEN YEARS AGO
(August 1, 1963)

The ladies goat tying event was the outstanding attraction of the Hamlin Riding Clubs Family Night Saturday evening. Those entering were Mmes. J. C. Turner, T. W. Flenniken, Billy McIlwain, Bill Feagan, Don Elmore, John Johnson, Bill Foster and Boyd Gibson. Mrs. McIlwain captured first place with a time of 21.4 seconds. Mrs. Feagan was second with 32.2 and Mrs. Flenniken was third with 35 seconds.

A call for a car that was on fire at Carter's Dairy Cream Thursday at 9:10 p.m. came to the Hamlin Volunteer Fire Department. Minor damage was reported to the '56 Chevrolet.

Now is the time to have your soil tested in preparation for the fall planted wheat and other small grains, says Jones County Agent, Kirby Clayton. Early soil sampling and testing is encouraged by the agent to avoid the fall rush that crowds the states three testing laboratories during the Wheat and small grain planting period.

Bill Feagan and Cecil Sellers have been named to the Round-Up committee for the 1963 Cattlemen's Round-Up for Crippled Children by the chairman, C. A. Morris. The Round-Up, founded in 1961 by Coke County rancher, Conda Wylie, is one of the main financial sponsors of the West Texas Rehabilitation Center in Abilene.

Philosopher Figures Way to Protect
Consumers From Cost of Living Increase

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One struggles with the economic problem this week, apparently

Dear editor:
Washington can't be expected to think of everything and I'm not blaming anybody but somebody has left out a vital part of Phase Four of the economic program.

Take chickens. If it costs a farmer 35 cents worth of feed to produce a pound of broiler for which he, under the price freeze of Phase Three, could charge only 28 cents, you can see it wouldn't be long before the country was out of fried chicken.

Therefore Phase Four has corrected this, allowing the price of chickens to go up, which it did immediately. The farmer is now charging more, the wholesaler is passing the increase on to the retailer, the retailer is passing it on to the customer.

But who can the customer pass it on to?

That's the point the economic experts are leaving out, and I have a suggestion which I thought up while the committee members were out to vote.

One way of course would be to give everybody a wage increase and it'll work in some segments, but it's hard to give a wage increase to somebody who is living on a fixed income. Where would you get the money? Not even the Committee to Reelect the President would have that much cash floating around.

So, where can the customer pass the increase in the cost of chicken to?

There's just one place. His income tax. If your fried chicken last year cost you \$103 and this year it runs to \$154, take the difference, \$51, off your

income tax. The same thing would apply to all other increases in all other lines of food, clothing, shelter, interest, soda water, etc.

But there's one other step necessary. I've just figured out. No use letting the committee leave to vote for nothing. Naturally, with everybody taking all these deductions, the Federal government is going to have its income cut short, and you know we can't allow the government to go in debt. So,

it'll pass this shortage on to the people in increased taxes the next year.

That solves it. That completes the circle and all we have to do is keep the wheel turning from now on. But watch out for those hills.

Yours faithfully,
J.A.

Mr. and Mrs. Bryan Wasson and daughters visited with friends in Hamlin over the weekend.

AUTO FACTS

TIRE TUNE-UP

YOUR CAR'S TIRES NEED TUNING AS MUCH AS YOUR ENGINE! IMPROPER INFLATION REDUCES TIRE LIFE FROM 10-40% ACCURATE AIR PRESSURE INCREASES TIRE LIFE, PROVIDES A SMOOTHER RIDE AND GIVES YOU GREATER VEHICLE CONTROL.

HERE REST TIRES THAT DIED PREMATURELY DUE TO IMPROPER INFLATION

UNDER-INFLATION LEADS TO INCREASED TIRE FLEXING, HEAT BUILD-UP AND UNNECESSARY WEAR ON THE OUTER TREADS OVER-INFLATION INCREASES SUSCEPTIBILITY TO ROAD DAMAGE, MAGNIFIES ROAD SHOCKS RESULTING IN PASSENGER DISCOMFORT AND ALLOWS FOR EXCESSIVE WEAR IN THE CENTER OF THE TREAD

FOR YOUR SAFETY AS WELL AS YOUR BUDGET (INADEQUATE TIRE CARE COSTS CONSUMERS \$250 MILLION ANNUALLY) THE CAR CARE COUNCIL SUGGESTS YOU CHECK YOUR TIRE PRESSURE ABOUT ONCE A WEEK AND BEFORE ANY EXTENDED TRIP

the
RIGHT LIGHT

THE PROFESSIONAL PHOTOGRAPHER gives careful thought and study to lighting his subject. Contrasts must be right and reflections must be right to achieve the best effects.

Individuals' lives reflect how they think and what they believe. Our lives count most, when we attend church regularly and walk in the light of the Lord.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

BUDGET HEARING
A public hearing on the Hamlin Independent School District budget for the coming year, 1973-74, will be held at 7:30 p.m. Monday, August 13, 1973, in the Board Room of the Hamlin High School Building.

THE FAMILY LAWYER

Work-Connected Recreation

Harrison, an appliance salesman, waltzed so strenuously at a company party that he suffered a fatal heart attack. Was his widow entitled to collect workmen's compensation for his death?

The company said no. "Obviously, he was not at work when he was dancing," the company reasoned in a court hearing. But Mrs. Harrison pointed out that the party had taken place on company premises, under company sponsorship, as part of a company contest and that all the company's salesmen were expected to show up.

The court decided that the dancing had indeed arisen out of the job, and granted the widow's claim. The court said the party was simply the company's way of inspiring its employees to greater effort.

Workmen's compensation laws generally cover accidents that occur in the course of employment. As a rule, courts have included any recreational activities that are closely connected with the job.

This is especially true when the company plays an active role in the event.

Thus, in a case arising out of a company picnic, the court granted compensation for an accident largely because of the participation of the company president. It seems he would use these occasions to present special prizes to employees and to give them pep talks about "our one big family."

Still, not every recreational occasion is covered. In another picnic case, a woman employee was hurt during a foot race. But when she sought compensation, the company pointed out

1) that it paid only part of the cost of the picnic;

2) that the picnic was held on a non-working day, away from the company premises, with no pressure on anyone to attend; and

3) that the company had nothing to do with the arrangements.

The court decided it would be stretching language to call the woman's injury "an incident of her employment." Result: no compensation.

YOU & HEW

Consumer news
FOR you —
ABOUT you —

from the
U.S. DEPARTMENT OF HEALTH,
EDUCATION, AND WELFARE

SELECTING A NURSING HOME — Practical tips on nursing home selection are included in the new HEW booklet *Nursing Home Care*, first of a series of consumer publications planned by HEW's Office of Consumer Services. *Nursing Home Care* can be purchased for 45 cents from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

BLOOD BANK REGULATION — HEW's Food and Drug Administration has established regulations for uniform nationwide registration, inspection, and licensing of up to 5,000 blood collection facilities, and about 200 centers which collect and process blood plasma. All community blood banks, hospitals, clinics, etc. which handle whole blood or plasma will be registered annually and will be inspected by FDA every year. The new regulations are primarily intended to protect patients from the hazard of getting blood from unhealthy donors.

For further information on these and any other topics write: Information Center, Department of HEW, Washington, D.C. 20201.

Visiting over the weekend in the homes of Mr. and Mrs. Rod Brown and Mr. and Mrs. Sam Hodges were Mr. and Mrs. Don Brown, Donna and Doyle of Irving, Mr. and Mrs. John Moulton of Abilene, Mrs. Maxine Durham of Houston, Mr. and Mrs. F. W. Poe, Brent,

CAREERS WITHOUT COLLEGE — A recent survey by HEW's Office of Education and industry associations shows that many career opportunities as technicians exist for men and women who don't have college degrees, and don't plan to get them. Pilots, data processors, oceanographers, sanitation specialists and civil engineers are some of the careers discussed in "25 Technical Careers You Can Learn in 2 Years or Less." Free copies are available by writing to Careers, Washington, D.C. 20201.

VETERANS' EDUCATION — HEW's Office of Education announces a new program to improve services to returning veterans. A counseling service has been set up in the ten HEW regional offices and in some overseas locations to interview returning servicemen and determine their educational needs. In addition, the new program will help veterans apply for financial aid for their education and to overcome any educational deficiencies they may have. Veterans or others interested in this program can get further information by writing to Veterans' Program, Office of Education, Room 4012, 400 Maryland Avenue, S.W., Washington, D.C., 20202.

Bart and Blake of Lubbock, James Griggs of Aspermont, Mrs. Fay Hodnett of Mt. Pleasant, Mrs. Juanita Whitwell of Pittsburg, Mr. and Mrs. Gene Boyd of Abilene, Mr. and Mrs. Sam Mack Hodges, Missy, Kimmi and Kyle of Hamlin and Mrs. John Poe of Stanton.

NEWS FROM ...

Sylvester

By MRS R M BABB

Cool and cloudy this Monday morning and we have had 1.10 in. of rain. It looks like we will get more.

Mr. and Mrs. Bill Woodson and sons of Bryans Mills near Texarkana visited with the W. B. Browns one day last week.

Mr. and Mrs. Gordon Webb of Austin have been visiting with her sister, Mrs. Clara Montgomery.

The family of Mrs. Waldo Gatewood enjoyed a reunion in Mesquite recently with some 99 people attending.

Checked with our people in the Stamford hospital and Med Herron was improving and Mrs. Buster Lambert had been admitted and wasn't feeling too good.

Mr. and Mrs. J. P. Maberry drove to Irving over the weekend and took their granddaughters home. They had been here with the Maberrys and the Richard Kelleys for some six weeks.

Mr. and Mrs. Jerry Prather, Sheila and Eric of Sweetwater visited in the Buford Brown home Sunday.

Mrs. May Hurst and Ruth Brown visited Holiday Lodge Sunday afternoon and took Mr. Woodson to visit in the Fred

Henderson home in Hamlin. Med Herron suffered another heart attack Sunday, but at this writing is better.

Burglars Hit Nephews

Word has been received here by Mr. and Mrs. Joe Simpson that two businesses owned by Mr. Simpson's nephews in Hico were hit by burglars Thursday night.

Don Ross, operator of a grocery store on one end of the block, and his brother, Glenn Ross, dry goods store owner, on the opposite end of the same block, experienced heavy losses when the rear entrances were broken into.

The break-ins were discovered Friday morning, the family said. Cash and valuables were taken from both businesses as well as huge racks of clothing from the department store and groceries and other items from the grocery store.

The businesses are located in the main section of Hico, across the street from the bank.

NEWS FROM . . .

Old Glory

by Bernice D. White

Old Glory received 1.80 inches of welcome rain over the weekend. A shower Saturday brought .40 and then on Sunday another 1.40 inches fell. Clouds overhead this Monday morning bring hopes that there is more to come.

As we go into the month of August this week, we are reminded that school will soon be starting again. In accordance with a calendar released earlier this year for schools in this area, teachers report for work Aug. 13, and then classes begin Aug. 20. Teaching positions have been filled and there is evidence that we'll have a substantial increase in enrollment.

The descendants of the late Mr. and Mrs. August Vahlenkamp held their annual family reunion at Stamford Lake last Saturday and Sunday. Those present included Mr. and Mrs. Curtis Weise, Peggy, Pam and Dwain of Haskell; Mr. and Mrs. Virgil Vahlenkamp, Brenda, Bud and Charles of Denton; Mr. and Mrs. Marvin Vahlenkamp and Jima of Aspermont; Mr. and Mrs. Mike Baldree and Chris, and Mr. and Mrs. Kenneth Corzine of Abilene; Mr. and Mrs. Vernon Surratt, Jr. and Nikki of Rotan; Mr. and Mrs. Lewis Corzine of Stamford;

Those from Old Glory who attended were Mr. and Mrs. Herbert Vahlenkamp; Mr. and Mrs. Eugene Vahlenkamp, Doug, Carmie, Celinda and Shawna; Dale Letz, and Mr. and Mrs. Oren Baldree, Susan and Marcene.

All descendants were present except Mrs. Larry Brown. She and her family are in Germany where Brown is stationed with the armed services. She is the former Nancy Vahlenkamp, daughter of Mr. and Mrs. Herbert Vahlenkamp.

Visitors in the home of Mr. and Mrs. Beno Hertenberger last week included two of their grandsons, Jeff and Joel Simmons, of Fort Worth. They were accompanied by two friends Eddie and Randy Mina, also of Fort Worth.

The Luther Meier family returned last week from a

vacation trip up in the Panhandle where they visited in the home of Mrs. Meier's sister and husband, Mr. and Mrs. Ernest Lee, they then went into Oklahoma and enjoyed some places of interest there.

Mr. and Mrs. Oren Baldree, Susan and Marcene have returned from a two-week vacation. They visited relatives in Fort Worth, then went on to Arkansas, where they visited the Clovis Hendersons, formerly of this community. They traveled on through Louisiana to New Orleans, where they enjoyed fishing in the ocean, and Baldree and his family visited with some of his relatives that he hadn't seen in forty years.

Since the Baldrees have been home their son Mike and his family of Abilene have been here visiting with them for a few days.

Mrs. Willie Fletcher who has been spending several weeks in Albuquerque, N. M., with her niece and family, the Tim Jennings returned home last week. The Jennings brought her home and visited with their parents, Mr. and Mrs. A. R. Sawyers and Mr. and Mrs. T. W. Jennings.

Mr. and Mrs. Charlie Letz visited her brother Leon Dippel in El Campo last week, also in Jacksonville with his sister, Mrs. Lena Weaver, and in Fort Worth with their son and family, the Roger Letzes.

Mr. and Mrs. Richard Young and their daughter and family, Mr. and Mrs. Ronnie Jeffrey and Kyle, spent last week vacationing in East Texas. Among points of interest visited were Sam Rayburn Lake, Toledo Bend, and historical sites around Jefferson where they took the riverboat ride down Cypress Bayou.

Jennifer Mueller, daughter of Mrs. Susan Patterson Mueller and granddaughter of Mrs. LaFoy Patterson is a patient in Dyess Air Force Base with spinal meningitis. She was admitted Sunday afternoon.

Nephew Dies In Accident

Bobby Elliott, 13-year old nephew of John Holtz, was crushed to death Thursday afternoon when a front-end loading machine he had been operating went out of control.

Eastland County Sheriff L. E. Sublett and Justice of the Peace Wells of Dalton said the loader went out of control and rolled over several times, crushing the youth. The accident occurred at Gary's Backhoe and Gravel Service one-half mile southeast of Eastland.

Funeral was held at 2:30 p.m. Saturday at Eastland Church of Christ. Burial was in Rising Star Cemetery.

Survivors include his parents, Mr. and Mrs. Bob Elliott of Eastland, one brother, Bert, of the home, who had worked here one summer for Holtz at City Food Market; three sisters, Darla, Carla and Marla, all of the home; and his paternal grandparents, Mr. and Mrs. Bobby Elliott of Rising Star.

Attending the funeral from here were Mr. and Mrs. Holtz and family, Jon Bill Holtz, Mrs. Mike Rountree and Mr. and Mrs. Bill Hodnett.

The second annual Texas Folklife Festival will be held at the Institute of Texan Cultures in San Antonio September 6-9. A runoff election for the 14th state senate district vacancy in Travis, Blanco, Burnet, Caldwell and Hays counties has been set for August 14.

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Major Advance

Intensified research on drugs and drug abuse is paying off, as is shown by a recent discovery which marks a major advance toward understanding and treating narcotic addiction.

This came when two Johns Hopkins University scientists in Baltimore recently announced that they had identified specific sites in the brain where heroin and other opiates are believed to attach themselves in order to produce exhilarating effects on the body.

The research pharmacologists, whose work is supported by HEW's National Institute of Mental Health of the Health Services and Mental Health Administration, reported their work in the scientific journal, *Science*, earlier this year.

In addition to providing the first direct evidence of the sites in the brain where narcotics act to produce a "high" and other effects, the investigations appear to have important practical applications for immediate use. Using a new, simple test-tube technique they devised, the scientists now can easily determine the relative potencies of various opiates and other drugs.

This will permit rapid screening of large numbers of new and potentially non-addicting pain killing drugs, as well as possible "narcotic antagonists," compounds for the prevention and treatment of addiction but which do not leave the harmful effects of the opiates.

"These findings in laboratory work will help speed progress

on many fronts toward better understanding and clinical treatment of addiction," said Dr. William E. Bunney, Jr., Director of the Division of Narcotic Addiction and Drug Abuse at NIMH.

The Division has also funded seven drug research centers, in addition to one at Hopkins, to broaden knowledge of the basic biochemical processes in addiction and drug abuse through cross-fertilization with clinical studies—and thus speed the application of new insights to the prevention and treatment of drug problems.

cabinet level are beyond the governors control.

The present pattern of part-time boards, according to the League, provides opportunity for participation in government by many key citizens, who, in turn, provide a powerful reservoir of support for a governor's policies. The League suggests more fiscal power for the governor and authority to order governmental reorganization subject to legislative veto.

TOP 100 PRESCRIPTIONS STUDIED — Computers are being used by the Texas Pharmacy Board to determine the top 100 prescription drugs being sold in this state.

Under new state law, H. B. 750, druggists must post the prices of the 100 most prescribed drugs at their counters this fall.

The new law will also prohibit advertising about "wholesale" "cut rate" prices, and limit drug stores to advertising about services, keeping "family records" and dangers of mixing certain types of drugs.

Consumers will be able to check the prices of the top 100 most common drugs at each prescription counter, states Joe Arnette, Texas Pharmacy Board, who is using the computer method to make the statewide survey.

AUTO RATES CUT — True to its promise, the State Board of Insurance ordered an average statewide reduction of 4.3 percent in private auto coverage premiums, estimating 90 percent of motorists will save at least \$25 million. New rates are effective August 27.

Further, according to Board Chairman Joe Christie, the competitive rating law September 1 will mean further savings for many, Christie said one company has indicated it will ask authority to cut its rates 15 percent across the board when the competitive rating law takes effect.

Another law passed by the legislature this year, however, may cancel out the savings for some and actually bring a slight increase. The personal injury protection coverage of at least \$2,500 for medical expenses and lost earnings or services due to accident, regardless of who was at fault, will be added to all policies automatically unless motorists reject it in writing.

Christie said even rejections written on "brown paper sacks" will be considered valid. P. I. P. coverage costs \$22 to \$44, but many will substitute it for medical coverage which already costs \$15 to \$22 a year.

WATER QUALITY STANDARDS APPROVED — Texas Water Quality Board agreed on compromise standards hopefully tailored to meet federal Environmental Protection Agency approval.

If the EPA rejects the state standards, presumably it would take over issuing waste discharge permits, leaving the state agency little to do but take samples and offer recommendations.

A main point at issue is whether the state's fines for violators are high enough to amount to a "substantial economic deterrent." The Texas maximum civil penalty in \$1,000 a day, and the federal agency wants civil penalty fines up to \$25,000 a day and maximum criminal penalties of \$10,000 a day.

The state Air Control Board's proposed standards have been rejected by EPA.

PRICES SOARING — Disruption of normal buying habits is pushing poultry prices up to the level of some cuts of beef, Texas Department of Agriculture's market news analysts reported.

Broiler prices are expected to reach the 80-cent bracket this week, according to the department's projections.

"Hoarding" and "panic buying" are contributing to runaway prices, commented Mike Walton, Agriculture Department market news chief. Walton said a return to normal buying habits will help return prices to more-normal levels.

Mr. and Mrs. Albara Baez of Stamford are parents of a boy, Kenneth Jesse, 7 lbs. 8 oz., born July 25 at 10:32 a.m.
